

## Safety Town

Safety Town  
July 27 – 31, 2009

Safety Town is a 1 week day camp for children ages 4 -6 years old and offered in the community since 2005. The children receive information on pedestrian safety, what to do in event of a fire or earthquake, how to be safe waiting for and riding on a school bus. The program offers a t-shirt, daily snack and craft.

This program is very popular, so register early. Registration will start April 15 for West Linn residents.

Last year, the program was jointly offered by Community Services with the School District and the West Linn Parks and Recreation staff. Community Services is now transferring the program operation to West Linn Parks and Recreation. We look forward to continuing the excellent program started by Community Services. For further information contact West Linn Parks and Recreation at 503-557-4700

Volunteer Forms available below.
